

DENEEN SENDS IN A MESSAGE

Tells Illinois Legislature What To Do Relative
To A Deep Water Canal.

BELIEVES STATE SHOULD OWN IT

Governor Of Illinois Offers Directions To Pending Legislation On Important Matter Of Waterway.

[BY ASSOCIATED PRESS.]
Springfield, Ill., Nov. 26.—Gov. Deneen sent to the legislature today a message relating to the construction of the water power as an incident to the proposed deep waterway, involving an expenditure of twenty million dollars. He says that in order to secure the approval of the constitutional amendment by the people it is essential that the water power be developed by the expenditure of twenty million dollars and should be owned and controlled by the state, so that the state may be recompensed for its expenditure, and a fund created for further development and extension of the international waterways system and that the development be not unnecessarily complicated by questions of private ownership.

NAMES OF DELEGATES TO CONFERENCE HERE

Over 100 Delegates to State Conference of Boys' Work Are Expected Here Friday.

Over 100 delegates are expected to attend the fifth annual state conference of boys' work of the Y. M. C. A. to be held in Janesville Friday, Saturday and Sunday. Many prominent Y. M. C. A. workers will be in attendance at the conference to speak words of good advice to the young men who will gather here at the end of the week. Among the prominent men who will be here are R. A. Walte, Jr., member of the international committee of the Y. M. C. A. of New York City; F. A. Crosby, international secretary boys' work, of Chicago; C. J. Newman, a cartoonist of Chicago; and Rev. H. T. Wilson, pastor of the Methodist Episcopal church of Appleton.

All the meetings of the conference to be held in the Methodist church on Friday and Saturday will be open to the general public. The conference will open Friday afternoon with a meeting of the state council at the Y. M. C. A. building where the delegates will register. A banquet will be held in the banquet room in the basement of the Methodist church at 6 o'clock Friday evening. Sunday evening a meeting will be held in the Y. M. C. A. building for delegates only.

Several cities that will send delegates have forwarded the names of their delegates but several cities are still to be heard from, viz., Racine, Kenosha, Green Bay, Waupun, La Crosse, Monroe and Evansville. The following are the cities with the names of their delegates who will attend the conference:

PRESSING PASSAGE OF PUBLICITY LAW

Act to Compel Publicity of Campaign Contributions to Be Urged at Coming Congress.

[SPECIAL TO THE GAZETTE.]
Washington, D. C., Nov. 26.—In response to the call of President Perry Belmont, the members of the National Publicity Law association assembled in Washington today for an important meeting. The association intends to exert itself to the utmost to get through the coming session of congress a national publicity act to compel the publication of contributions and expenditure of national and congressional committees during presidential elections. The measure will be modeled along the lines of the state publicity laws now existing in Missouri, New York, Massachusetts and other states.

INTEREST IN 600 MILE 3-DAY RUN

Reliability Race, Run by the Chicago Motor Club, Has 50 Entries.

[SPECIAL TO THE GAZETTE.]
Chicago, Nov. 26.—Chicago motorists and the many, many manufacturers, dealers and enthusiasts who are here for the local automobile show are manifesting a keen interest in the 600-mile three-day reliability run arranged by the Chicago Motor club. The test began today with more than fifty cars participating, representing nearly all the leading makes. Today's route is to South Bend and back, covering the same route as was used by the Glidden tour last summer. Tomorrow's run will be to Rockford and return, and the final day's route will be to Ottawa and return. The motorists and all essential running parts of the cars are sealed, making the event a sealed bonnet test.

FALLS IN FAINT AFTER A FUNERAL

Mrs. Patrick H. Stead Attacked with Heart Trouble After Attending Funeral Saturday.

A most distressing incident occurred last Saturday afternoon when Mrs. Patrick H. Stead, 253 Gold street, fell to the floor in her home after returning from the funeral of a friend. Mrs. Stead lay prostrate upon the floor until she was discovered a little later. Her daughter, Miss Minnie Stead, who is employed at the Leonard-Underwood department store, was summoned to the home as soon as her mother's condition was known. Miss Stead was taken to the hospital where she is now lying. It is reported to be very low today.

WAS FOUND DEAD

[SPECIAL TO THE GAZETTE.]
Appleton, Wis., Nov. 26.—Neighbors of William Windels, an aged resident of Appleton, yesterday afternoon became suspicious of his welfare having not seen him for several days, they called the police to enter the home and make a search. Officer Baker forced his way in and on a couch in the living room he discovered the lifeless body of the aged man, partly disrobed. The supposition is that the old man died several days ago of heart failure. Windels lived alone and when last seen was in perfect health.

STATE SUPREME COURT HAS GIVEN ITS DECISION TODAY

Many Important Matters Decided By The Court This Morning—Railroads And Telephone.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., Nov. 26.—The supreme court today decided against the railroads on the test case of the law limiting the speed of passenger trains to 6 miles an hour in certain places, where speed is held to be dangerous. The court also decided the telephone case in favor of the independent against the Bell interests. This test case came from the Beloit court and allowed the independents to be represented by their own attorney. The case arose out of the law of 1903, requiring telephone companies to operate exchanges in various cities of the state, under the same rules in charge the same rates. The independents secured the law to protect them from a ruthless rate of competition by the Bell company.

THREE DEER WERE CONFISCATED HERE

By Deputy Game Warden Drafiel Today but Later Released by State Authorities—Madison Express Agent at Fault.

It was all an oversight of the express agent at Madison but the temporary confiscation of three deer carcasses at the American Express office in Janesville by Deputy Game Warden Peter Drafiel occasioned considerable excitement among the hunting fraternity this morning. Resident hunters are not allowed by the game laws to ship deer out of the state unless they are also in possession of a non-resident's license, which is a costly expensive proposition. The three hunters, living in western Wisconsin, not far from St. Paul, Minn., had no intention of shipping the booty out of the Badger State. They were merely trying to get them home, but St. Paul is the transfer point of the Western Express Co. for all parcels except game. Hence the agent at Madison, failing to foresee the complications that would result, billed the deer to St. Paul. The deputy game warden communicated with the authorities at Madison and when the circumstances were explained, the confiscation was released, and is now merrily on its way.

MAYOR VETOED CAR ORDINANCE

BUT IT WAS AGAIN PASSED IN AMENDED FORM BY THE ALDERMEN.

PLAN JUNKET TO CHICAGO

At Expense of Steam Roller Company, to Inspect Road-Charlotte—Brown Judgment Paid—Other Business.

Mayor Stewart H. Heddes, at the city council meeting last evening, returned without approval of the Jones ordinance regulating the running and operation of street and interurban cars in the city of Janesville. He cited the following nine reasons for withholding his signature: (1) that the measure would interfere with the convenience of passengers; (2) that it would decrease the earnings of the street car company and merchants; (3) that it would in all likelihood put an end to the practice of merchants and clerks helping customers carry their purchases to the cars; (4) that the great bulk of purchases are made by women and they would be the ones who would be seriously inconvenienced; (5) that with cars running only at intervals of a half hour it was a great saving of strength for shoppers to wait in stores with their purchases instead of at street corners; (6) that deliveries are made by merchants but twice a day and articles required at once must be carried by purchasers; (7) that the council in making regulations should always have the best interests of citizens in view, and that, particularly, should not be hampered by unnecessary restrictions; (8) that the ordinance seemed to have been passed without full reflection on the possible burdens which would be imposed on merchants, their customers, and the street car company; (9) that such legislation would be useful in the congested trade districts of large cities in order to permit the cars to keep up their time schedules and that this was almost the sole reason for its existence there—a reason which had no such local weight in this city. While the local cars do not run with sufficient frequency, the service is vastly better than no service at all, and inasmuch as it is a well known fact that the traction company's receipts barely meet its expenditures, it would be very unwise to cripple its operations or force it to quit business. Alderman Morritt moved that the veto taken on the passage of the ordinance, at a previous meeting, be reconsidered. The motion was carried. He then offered an amendment requiring the cars to stop only at street intersections on that section of West Milwaukee street lying between River and Academy streets. The amendment was carried and the ordinance as amended, passed. Alderman Brown voting "no" in both instances. His Honor refused to sign, without due consideration, whether or not he would sign the amended ordinance, but intimating that in his opinion the principal cause of objection to the original measure had been removed.

Road-Roller Junket. According to well-remembered provisions of the city ordinance, the commonwealth of Janesville has no legal power to finance the junkets of its officers to near or distant cities, however laudable their purpose and however important and valuable the information to be derived therefrom. Mayor Heddes called attention to this when Alderman Dulla introduced a motion that a committee of the common council visit Chicago before the next session and look over the various makes of road-rollers. "I well understand that," was the latter's quick reply, "but the proposition is from the steam-roller companies who offer to bear all expenses." "How did you plan to have the committee constituted?" asked the Mayor. "Committee of the whole council, Your Honor," said Ald. Dulla in his most liberal tone of voice, while the half dozen roller agents in the "gallery" laughed uproariously at a joke that was so obviously "on" THEM.

Through these agents several propositions for furnishing the city with a new, ten-ton machine had been previously submitted. The Monarch Co. quoted prices ranging from \$3,250 to \$1,850 and offered to accept the old Buffalo Pitts, now owned by the city, in lieu of \$500 cash, balance to be paid in 30 days; services of an engineer to be furnished free for six days; machine to be guaranteed for one year. The Kelly-Springfield Co. boasted of a machine which "don't have to back down hill" and proposed a trade whereby they should take the Buffalo Pitts and the city should pay \$2,000 difference for one of their machines or \$1,500 for another. The American Motor Road Roller Co. of Sparta offered to deliver one of their machines for \$2,500, less \$800 allowed for the old 15-ton Buffalo Pitts. The highway committee was granted four days for the consideration of these propositions. Ald. Dulla moved that the Case road roller which "don't have to back down hill" be leased on a car and returned to Madison. On motion the clerk was instructed to draw on the treasurer in the sum of \$100 payable to the Case concern for two days' rental of the said roller, in accordance with a previous agreement. The aldermen will probably embark on the Chicago junket about the middle of next week.

Numerous Appropriations. After the finance committee had submitted its report on bills, a number of orders directing the city clerk to draw on the treasurer for the full payment of several claims against the city, were passed. One of these orders was in favor of the Merchants & Mechanics' bank as assignee of Officer John Brown in the sum of \$322.10, payable from the judgment fund in full settlement of the judgment obtained by Brown against the city several months ago. Ald. Dulla authorized the payment of \$100 to Katie Trubold in full satisfaction of injuries sustained on a defective sidewalk, according to agreement made and reported by City Attorney Maxfield. The city treasurer was directed to turn over to the treasurer of Rock county the sum of \$2,550, this being the amount due from the same source, to be paid by 50 saloons and three breweries, at the rate of \$50 for each one of them. Directions were also given that the sum of \$57.35 should be paid to Ryan, McManus & Finley for grading work on Logan street for which the general fund was liable, and that the certificates for the work in the same locality should be delivered to the same firm in part payment. William McDermott's notice of injury was disallowed, through a misconception of the character of the notice—it being mistaken for the claim which is due later; and the same action was taken with regard to Hannah Miland's \$200 claim for damages alleged to have been wrought to her property by the grading work on Gold street.

Skavlen's Resignation Accepted. The highway committee, through Alderman Sheridan, chairman, reported the final assessment of benefits and damages for improvements on Logan street, Racine street, and Forest Park boulevard.

The city was authorized to purchase six 1908 Rock county director's for the use of the city hall offices and the fire stations. There was some argument on the subject by Ald. Brown but Ald. Sheridan clinched the matter with the reminder that the new junkets would be especially needed this year in order that the city officers might "get accustomed to" Fish's new streets.

The resignation of H. L. Skavlen as supervisor from the second ward was accepted. No candidate was suggested or ballot taken on a successor but this will doubtless be done sometime before the January meeting of the county board.

The fire and water committee was authorized to purchase 500 feet of hose for use by the department.

Cement Contractors Must Clean Up. By an order introduced by Ald. Baeholtz and passed by the council, sidewalk contractors were directed to remove all piles of refuse left by them in the gutters of the second ward. Should they fail to comply with this order within ten days the street commissioner was directed to attend to the matter and charge the expense to them.

SUICIDE ATTEMPT BY LAWRENCE F. MARTIN

Boarder at Mrs. Farrell's. Slashed Throat with Razor and Tried to Hang Himself Last Evening.

Crazed by strong drink, Lawrence F. Martin, an employe at the South Janesville yards, stood before a mirror in his room at Mrs. Farrell's boarding-house on South Academy street last evening and slashed his throat six times with a razor. Although he groaned with agony each time he applied the blade, he resisted the attempt of other boarders to interfere and it required several men to overpower him when Officer Peter Champion arrived on the scene, shortly after six o'clock. Though his shirt front was bespattered with blood, none of the cuts had severed any large arteries or veins and as soon as he could be conveyed to the police station, Dr. Charles Sutherland closed the wounds with fourteen stitches. The man had previously been placed in one of the lock-up cells to await the coming of the physician but he soon embarked on another attempt at self-destruction which was last heard of in time by the officers. Attracted by the cries of another prisoner, Patrolman William Mason burst into the cell-room to find Martin in the act of trying to strangle himself with a buckskin shoe-string which he had removed from one of his boots, and attached to an iron slot in the roof of his cage. After adjusting the free end of the string to his lacerated neck, the madman had jumped off his bunk for a swing into eternity. He was cut down just in time to save his life.

After the cuts had been sewed up and a draught of whiskey had been administered, the man gave no further trouble, though the officers felt it incumbent on them to watch him closely most of the night. He is 34 years of age, married, has been in the military service in the Philippines, and came here from the east not long ago. Profound melancholy followed upon a protracted spree and his mind is believed to have been deranged. An examination of his mental condition by physicians was to be held this afternoon.

The inquiry into Martin's mental condition, conducted by Dr. S. B. Buckmaster and Charles Sutherland, revealed the fact that he is afflicted with something akin to acute alcoholic mania, but that his condition and hallucinations are quite different from those of a person afflicted with delirium tremens. He complained of having suffered a severe sunstroke in the Philippines. The physicians decided that the man's mind was seriously unbalanced. He has been committed to the asylum at Mendota and will be taken there with all possible haste, as infection of his neck and other possible complications are feared.

AGED RESIDENT HAD INTERESTING CAREER

William Grimes, Who Died at His Avon Home Nov. 9, Was Member of First Jury in Rock County.

William Grimes, a respected resident of the town of Avon, died at his home Saturday, Nov. 9. He was born at Keene, New Hampshire, in 1815 and came to Wisconsin in 1837, being then 22 years of age. He located in Beloit, which at that time was not named and was simply called "the mouth of Turtle creek." He started from the east with a colony who came as far as Chicago, which was then a very small place. From there he came west, following only an Indian trail. The present site of Beloit was marked only by the frames of five houses and Janesville, by only one double loghouse occupied by John P. Dixon and Charles Stevens. He was delegate to the first convention to nominate candidates for the legislature, the meeting being held in a grove between Janesville and Beloit; E. V. Whiting presided. He was also a member of the first jury ever drawn in the county, and the sessions of the court were held in a building which stood where the Myers house now stands. It being a two-story frame structure. At the time he came to Wisconsin there were only two railroads in the United States, one from Lowell to Boston, Mass., and the other from Buffalo to Albany, N. Y. He came to his present home at Avon in 1840. On Feb. 22, 1843, he was united in marriage to Miss Esther M. Crosby, who preceded him to the better land seven years ago the 18th of December. To them were born three children, the oldest dying in infancy. Those remaining are Mrs. Thos. Cox of the town of Turtle and William Grimes, Jr., of Avon. He also leaves four grandchildren: Mrs. Lizzie Kemmerer, Mrs. May Gower, and Harry and Hattie Grimes; and two great-grandchildren: Ray Kemmerer and Evelyn Gower. Had Mr. Grimes lived until Dec. 25 he would have been 92 years of age. His motto was:

"Bound to no party, to no sect, convinced, The world our home, our brethren all mankind; Love truth, do good, be just and fair with all; Exact the right though every man fall."

The funeral was held from his late home on Tuesday, Nov. 12th, at 2 p. m., Mrs. Laura G. Faxon of Chicago officiating. The song services were ably rendered by Mrs. Harry Clark and Miss Grace Wilkinson, with Mrs. Pierce of Broadhead accompanying on the piano.

PRESS COMMENT.

Mr. Shaw Again Amused.

Chicago Tribune: Whatever may be thought of Mr. George Bernard Shaw in his own country it is presumed that Americans will take him good naturedly and never seriously. Possibly Mr. Shaw himself has serious moments, but when he may be in his most serious mood his general reputation is so unfortunate as not to be able to repress the amused smile and the appreciative laugh. Mr. Shaw is invariably at his best when he is fairly started on his favorite subject, "the Imbecile Americans," and his latest contribution to the literature of education, in which he advises Mr. Roosevelt to stop down and permit Mr. Anthony Comstock to run the country, is shining reading for an otherwise dull morning.

Mr. Shaw has not had a really first class advertisement since one of his questionable plays was promptly censured by the New York stage. He is fortunate in the respect admired by Mr. Burroughs, that he "always gives a good show."

It may be that it occurs to him frequently in dwelling on his dory-ponds of his scourgings, will persist in laughter at the wrong places, but that is merely another illustration of the general imbecility with which he taxes us.

Retribution for the Libeler.

Milwaukee Sentinel: The license, not the liberty, of the press has been on trial in the suit of Charles F. Pister against the Milwaukee Free Press and Harry P. Myrick, its editor. The verdict is a rebuke to a form of journalism that has become a menace to society. It has been a disturbing of the public peace. It has incited class against class. It has promoted selfish and unworthy ends under the cloak of reform. It has traced every citizen who has stood in the way of its purposes. It has assassinated character in its savage vengeance upon those who have not lent themselves to its designs, and trampled under foot the reputations of good men in its mad striving toward what it conceived to be success. In the complicity of this newspaper, that has been its chief weapon and hypocrisies its uniform.

No man could consider himself immune; opposition has always been the signal for attack. For six years its career has been a carnival of license, of unscrupulous hatred, of malicious unprovoked and unprovoked.

May Apply the Old Lesson.

Exchange: In not permitting Noble to secede from the state Alabama can plead illustrious precedent.

Spurious or Typo's Error?

San Diego Telegram: The new Blue Book presents a picture of Stephen Stephenson with the legend "Isaac L. Stephenson." Queer that too! If any found out before that the junior-senior senator had a middle initial. This is what happens to a man when he runs for office. They find out everything.

Ready to Begin Paying Creditors.

Pittsburg, Pa., Nov. 26.—J. S. A. Stewart and W. L. Abbott, receivers for the Iron City Trust company, Monday announced that they are ready to pay depositors from 35 to 40 per cent. of their claims. The embarrassment of the trust company was due to receiverships for two of the Westinghouse Manufacturing companies and the Securities Investment company, a Westinghouse financial institution, about a month ago. Other dividends are expected soon, and payment of all claims in full is to be accomplished in a short time.

Weston Passes Through Laporte.

Laporte, Ind., Nov. 26.—Edward Payson Weston, the pedestrian, cheered by fully 2,000 persons, came into Laporte at 2:40 o'clock Monday night, feeling strong and not a bit tired, though having walked from Ligonier since midnight, a distance of 69 miles. He went immediately to the Teco Garden hotel, where he was given a rub down, ate supper and rested. After a short nap he started on, hoping to reach Chesterton, 10 miles west of here and just 50 miles from Chicago, before he retired for the night.

Eight Hurt in Rail Wreck.

Laurel, Miss., Nov. 26.—Eight persons were injured when a Mobile, Jackson & Kansas City railroad train jumped the track near here Monday. The cars slid down an embankment. S. T. J. Varner of Mobile and C. F. Taylor of Ellenville, Miss., are in a critical condition.

New Governor for Guam.

Washington, Nov. 26.—Capt. E. K. Dorn, now on the retired list of the navy, has been appointed governor of Guam, vice Commander T. M. Potts.

Information from Abroad.

We learn from the Paris Figaro that a clergymen's union has been formed in New York which is demanding higher salaries. The movement seems to be spreading, for we read further: "While waiting for the American government to take the proper steps, 40 pastors have already renounced their charges in the state of Pittsburg."

No Lasting Trace.

"Darling," whispered the young lover tenderly, as he raised her sweet unsmiling face from his shoulder to gaze into her eyes, "what an impression you have made upon me!" "Oh, that'll break off," she murmured lightly, as she flicked his coat collar with her fair fingers; "it's only face powder."

INDUSTRY'S WHEELS ARE TURNING AGAIN

MANUFACTURERS OF THE EAST
RESUME OPERATIONS.

FEAR IS PASSING AWAY

Encouraging Reports Received from Many Sections—Youngstown's Iron Plants to Reopen—Cleveland Deposits Large.

New York, Nov. 26.—Recent resumption of industrial activity in the eastern states contrasts to some extent the stories of general depression that have gained circulation on account of the closing down, partly or completely, of many concerns.

The financial stringency throughout the country had its natural reflection in partial suspension of operations in the chief Atlantic centers, but the fear of a complete industrial depression has not been realized. News was received Monday night in New York of the resumption on full time of some industries in the New England states and New York, and the hope is that, with the general relaxation in the money market, this resumption will be largely increased and that the eastern manufacturing section soon will experience a return to normal conditions.

Good Reports Received.

Troy reports the outlook good for a busy season in the knit goods industry in Colfax, one of the largest centers of that work in the country. It is expected that knitting factories in that city will be running full by January 1.

St. Johnsbury, Vt., reports that the Fairbanks Scale company, employing 1,500 men, which adopted a five-hour schedule two weeks ago, resumed its work Monday on an eight-hour basis. Information is received from Buffalo that the Snow Steam Pump works has ordered its forces back on full time. The general manager of that plant, Elwood C. Larkin, says that the whole industrial and financial situation has improved so greatly during the last week that the company has been obliged to restore the full schedule of working hours in order to keep up with its business. About 1,000 are concerned in the resumption order.

The National Tube works at Syracuse resumed operations after a two weeks' shut down.

Country Banks Strong.

Pittsburg, Pa., Nov. 26.—National Bank Examiner I. B. Cunningham, just home from a week's tour of Allegheny and West Moreland counties, during which time he examined 16 country banks, reports those institutions in the safest possible condition and ready to resume payments in currency at any time city banks resume such payments.

Public school teachers of Pittsburg were paid Monday \$185,000 in clearing house certificates. The city treasurer immediately redeemed 20 per cent of these in currency.

Youngstown Plants to Resume.

Youngstown, O., Nov. 26.—All the finishing mills and a portion of the puddling furnaces of the Valley plant and two finishing mills and one part of the mill of the Brown-Bonnel plant, Republic Iron & Steel company, will resume operations next Wednesday, after having been shut down since last Saturday. It is likely other departments will start again before the end of the week.

Big Deposits in Cleveland.

Cleveland, O., Nov. 26.—Deposits in cash in all of the banks of this city were greater Monday than for any single day during the past three weeks, according to prominent bankers. Col. J. J. Sullivan, president of the Superior Savings & Trust company, said: "Without a doubt the improvement, both in banking and commercial circles is pronounced. The uncalculated factor that existed a few weeks ago has been eliminated and I think we are on the eve of better times."

Cambria Men Resume Work.

Johnstown, Pa., Nov. 26.—Practically all of the Cambria workmen suspended two weeks ago, partly by reason of needed repairs and partly on account of a shortage of orders, have resumed their employment.

PREFERS DEATH TO PRISON.

New York Mining Broker Kills Himself to Avoid Arrest.

New York, Nov. 26.—Rather than face charges of obtaining \$5,000 on a forged bill of lading, Louis Straus, a mining broker, swallowed a quantity of poison at his home here Monday night, and died a few moments later. At the time two detectives were in the house and about to place Straus under arrest. When warned of his probable arrest several days ago by William A. Avis, of the firm of William A. Avis & Co., custom house brokers, on whose complaint the warrant for the arrest was issued, Straus threatened to kill himself.

Avis charged the mining broker with negotiating a loan of \$5,000 on a bill of lading for ore said to be worth \$7,500 and supposedly shipped from the west. Avis states that not long after the loan was negotiated he discovered that the bill of lading was worthless.

Frank Owen Dies at Ogdenburg.

Ogdenburg, N. Y., Nov. 26.—Frank Owen, for years general traffic manager of the steamboat lines operating between here and Chicago, is dead here at the age of 68 years.

EMERGENCY CIRCULATION

Ex-Secretary Shaw, in his speech at Chicago Saturday night, called attention to a statement which he made in 1905 to the effect that there could be no further currency legislation until there should be a panic occasioned by the want of elasticity.

There has now been a panic which while not produced directly by the lack of elasticity has been made more difficult of control and more acute in its evil effects by reason of such a lack. The panic therefore ought to be an object lesson to the people of the need of some reasonable change in the currency system which should provide a measure of elasticity.

Ex-Secretary Shaw is to be commended not only for the soundness with which he regards the business outlook, concerning which he takes an optimistic view, but also for his sanity of utterance in regard to the currency problem. The only thing that interests Mr. Shaw is the need of some provision for an unusual emergency. It is his opinion that the entire country could now profitably employ \$400,000,000 additional circulation because of the extensive hoarding which has taken place. Mr. Shaw is an advocate of an emergency circulation rather than of a credit currency for profit, though he regards it as doubtful whether the banks will ever unite on any plan which carries no profit.

It may be added that the American people are not likely to endorse any plan which will involve both profit and inflation unless they have been thoroughly frightened by the experience of the past three or four weeks.

Undoubtedly a great central bank having powers of holding the ultimate reserve of the country and of issuing currency would be a scientific method of dealing with this problem. But the American people have never been friendly to such a proposition, and it is a question whether even now, with all that has taken place, they are ready for such a radical departure from the system established in this country for the past seventy years.

Some plain, practical method of extra circulation which can be readily grafted upon the present system without injury to it and which will provide for emergencies without permanent inflation would seem to be the currency reform which could be most easily effected.

DRAWING THE LINE

On behalf of Secretary Root denial is made of the story that as the price of leading gold to relieve the financial stress in this country the French government had demanded from the United States tariff concessions in favor of French manufactures. We cheerfully add to the publicity of this denial. Such a scheme of coercion would reflect discredit upon the French government. Not only would it denote a disposition to drive a hard bargain in a time of extreme necessity, but it would prove that the French statesmen were woefully ignorant of the limitations placed by our constitution and laws upon the tariff reducing powers of the executive branch of the United States government. Such an error on the part of the Frenchmen would not, however, be surprising in view of the tariff reducing powers already usurped by executive action in the case of the German tariff trade agreement. But

the line must be drawn somewhere. Just now, we imagine, nobody at Washington wants to burn his fingers with any more tariff revision by executive decree.

MASSACHUSETTS REFORMERS

Henry W. Whitney, in a speech at Lawrence, Mass., made a plea for tariff reduction to cover the removal of all duty from all foodstuffs, including sugar, and for free pig iron and steel billets and all raw material for our industries.

That would include free wool, free hides, free chemicals and a free list that would include the finished product of many industries—for instance, steel billets are made from pig iron and are a finished product.

Free wool would put our sheep farmers out of business, and free hides would be an injury to the cattle business. Free food supplies would also hit the farmers at many points.

The demands of the Massachusetts tariff reformers are all for something that will be profitable for them and injurious for others.

Free raw material is a species plea. The raw material for one industry is the finished product of another.

Bryan went down to Washington and met the President. Now comes word that the officers of Bryan's regiment during the Spanish war are to receive their back pay. Still, they say Bryan and Roosevelt did not talk business.

Bernard Shaw, the play writer, says there are lots of villagers in this country. Well, just so long as they are merry villagers it is all right, but no soured ones go.

Down in South Janesville there is no question that things are humming away in a lively manner. Prosperity stares everyone in the face down there these days.

Naturally the American people take pride in the Caribbe Indians as they are the only real, genuine, bent fido, native, American players.

Deer-hunters come back with the deer despite the fact it was said early in the season that there were few deer to be seen there.

If worst comes to worst the Chicago Daily News suggests that perhaps the government might find some relief by nationalizing football as an asset.

Doubtless there are many bright people in the populist party, but the trouble is they do not know when they are dead.

Wait until the spring comes and the city begins to boom. It is in the air and the air never lies.

That oldtime Ft. Dearborn massacre was nothing like the slaughter of Blagg's pots by the Indians Saturday.

Weston, the pedestrian, is not in it with the Janesville pedestrians who walk every morning, rain or shine.

Chicago is having a great deal to do about the rights that have been sold by the canal commissioners.

Mr. Roosevelt is too busy just now to take any cracks at the nature falls, but it will come soon.

The American Steel Trust is making a decided hit as the only benevolent trust in existence.

Porter took a decided drop in Chicago yesterday, which is not only wonderful, but also amazing.

Football is over. Now for the rousing season of Stat, tidlowinks and dabble.

So Dave Rose has again appeared on the horizon of Milwaukee politics?

Out in California they are wondering what Henry is going to do next.

Mr. Gompers is evidently not a believer in the anti-third term rule.

Portugal is trying to have a first-class revolution again.

Chicago may soon be as dry as Janesville on Sundays.

Law-Abiding Saloons?

Exchange: The Anheuser-Busch Brewing association of St. Louis have taken up saloon reform on their own hook. The head of the company has given notice that he will promptly place every saloon over which his company has control when the saloonkeeper is found guilty of violating the law. If every brewing institution in the country would do this it would lessen saloon crime a great deal. The trouble with the Anheuser-Busch determination is that it comes rather late. As is well known the brewing companies either own outright or control the majority of the saloons in the larger cities. Their plain disregard for years of complaints of law-breaking saloons against the saloons which they control, has resulted in the case of the saloon disgrace being placed upon the brewers. They carried matters with a high hand for years, defying law-breaking saloonkeepers in the court, and common councils and giving tacit approval to crime-breeding practices. It is part of the penalty they must pay for their course, that their expressed desire at this time for

the reform of the saloon is not considered sincere.

The Limit of Vaudeville

Musical Leader and Concertgoer: The fate of the beautiful Auditorium, the pride and joy of musical and patriotic Chicago, is again in doubt. The vaudeville war has resulted in Klav & Erlanger withdrawing from the field and the Auditorium will probably be tenanted after a few weeks.

OCEANS OF HOLIDAY GOODS

We are showing twice as large a stock as we had a year ago.

It is good policy to begin at once and buy for Christmas so that you may get selections.

We have what you want and we want a little of what you have and that's money or Cashiers' Checks, which is just as good.

Bring in the little ones and let them see what Santa Claus has been doing. We like children, and they are always sure of a smile instead of a frown.

All kinds of Animals from 5c up to the Dancing Sailor who dances equally as well on his head as on his feet. 50c

THANKSGIVING

The exchange of gifts in remembrance of Thanksgiving Day is growing more popular every year—and while our establishment has always been well prepared with "Gift Goods," we have this year made special efforts to prepare for the increasing demand for such goods—enabling us to offer the choicest and largest line it has ever been our pleasure to offer.

Our line includes, especially suitable for such gifts—Carving, Game, Bird and Beefsteak Sets, Table Knives and Forks, a large selection of Sterling and Silver Plated Tableware, of a variety of designs and prices, put up, when desired, in fancy cases, suitable for gift purposes.

Cut Glass with deep cuttings and rich designs, from the best American factories, ranging from the inexpensive salt or pepper to the large heavy pieces; hand painted China, from the leading studios, of rich colors and new designs; Gold and Silver Novelties, Bric-a-brac and such other goods as are usually kept in a first-class jewelry store.

We would appreciate a personal inspection of our stock and assure you a hearty welcome.

Very truly yours,

"FLEEKs"

church each Sunday morning by that eminent divine, Dr. Gunkel, and his enthusiastic helper, Daniel Protheroe. The limit of vaudeville has about been reached when the continuous performance of a day begins with the noted churchman and ends with the "Dog with a Jag." It is scarcely possible that such a condition could exist in any other place in the world. Verily, Chicago is a marvelous city of extremes.

Is Money Tight With You?

If so, you will be pleased to note that your needs in the Dental line may be easily met.

If you select the Right Dentist, Dr. Richards has built up the largest dental practice in the city during the past 7 years.

By delivering three things:
1ST. PAINLESS DENTISTRY.
Just this A. M. one of the most prominent and influential citizens of Janesville consulted him and had an ulcerated tooth extracted and said in departing:

"Dr. Richards, you did that very nicely and satisfactorily to me."
2NDLY. GOOD, HONEST WORK.
Time tells the tale in all things and time only shows up the durability of his work.

3RDLY. REASONABLE PRICES.
You no doubt have paid \$10 each for those gold crowns in your mouth.

Dr. Richards has put out hundreds in this city for just \$5 each, and guarantees them to be the same in every respect—quality of gold, thickness of gold, purity, etc., etc.

What's the use of paying twice as much as necessary, when by consulting

Dr. Richards you may get the same work at a less price and all done painlessly in the bargain.

CHARLES SCHELKER FRACTURED A LIMB

While Engaged in Moving Some Heavy Machinery at the Greene Tobacco Warehouse.

In moving a heavy piece of machinery yesterday, Charles G. Schelker, employed at the M. P. Greene & Sons tobacco warehouse, fell and fractured the lower end of the right leg. He did not deem the injury of much consequence last evening, but it gave him so much discomfort this morning that Dr. Charles Sutherland was called. The latter, after an examination, found the small bone fractured and the patient will not recover the full use of his limb for some time.

TAYLOR BROTHERS' FINE NEW STORE.

The new store into which Taylor Bros., the enterprising grocers, have just moved, is by far the largest and finest grocery store in Janesville. The new establishment is in the new Kline building at 215-217 West Milwaukee street, and is in reality two large store rooms. The growth of Taylor Bros.' business made necessary the move into more commodious quarters, and the fact that during the five years of the firm's history its patronage has grown to such proportions is noteworthy as indicating the up-to-date methods and square dealing of the store. Taylor Bros. will add to their already complete and up-to-date stock, carry only honest, reliable goods and assure all patrons a continuance of the fair treatment which has built up their large trade.

Prompt deliveries will be an especial feature of the new store, and the proprietors, Wm. H. and Walter L. Taylor, cordially invite the public to inspect their splendid new store and up-to-date stock.

Mrs. E. F. Maine, who has been in Chicago with her daughter, Miss Ella, where the latter went to undergo an operation, reports that the patient is much improved and is at Mercy hospital. Dr. Fred Sutherland, who is studying in Chicago, is in charge of the case.

Fred M. Marshall is in St. Louis on a business trip.

STATIONS ON STATE LINES.

Oklahoma Plan to Force Reduction of Interstate Rates.

Guthrie, Okla., Nov. 20.—An order will be issued Tuesday requiring all Oklahoma railroads doing an interstate business to build stations on the state lines, wherever the routes cross, the corporation commission announced Monday night. Under the present schedule the interstate passenger rate is three cents, in spite of the fact that in many of the states traversed the maximum rate is the same as in Oklahoma, two cents. Unable to change the schedule, the corporation commissioners reported the state line station plan as the only solution of the proposition.

At those intersections the order requires the erection of a substantial station, where passengers shall be allowed to buy tickets at the local rates and recheck their baggage. As it is under the present regime, a passenger from Oklahoma to Kansas, Arkansas or Texas must pay the old rate, despite the existence of the reduced schedule in each of the four states.

CINCINNATI FIRE IS FATAL.

Woman Burned to Death and Several Others Injured.

Cincinnati, Nov. 20.—One person was killed, two were injured and five rescued with but slight burns in a fire which broke out Monday in the six-story block at Twelfth and Main streets, occupied by the William Windhorst company, a retail dry goods firm. Alberta Duffler, aged 24, saleswoman, died from terrible burns. Julia Hagerdorn, saleswoman, sustained a fracture of the skull, and Martha Ketch was badly bruised and cut.

The property loss was heavy, and may reach \$250,000.

AGED MERCHANT MURDERED.

Colored Robber Kills Edward Landman, of Kansas City.

Kansas City, Mo., Nov. 20.—Edward Landman, aged 77 years, who for 20 years has kept a clothing store at 1107 East Eighteenth street in this city, was murdered Monday night by a negro, who entered the store and struck the aged merchant with a coupling pin. The negro then robbed the store and escaped.

Two other merchants in that immediate neighborhood have been assaulted similarly by negroes within the last six months, one of whom died from the injuries he suffered.

Owing to the large amount of extra business, and work as well, occasioned by the Great Combination Sale, we have rather neglected our advertising for THE BIG STORE the past few days. We should have had a Linen Sale, as one is reminded of Linens particularly at Thanksgiving time. As much in the LINEN LINE is usually bought for Xmas gifts we will ANNOUNCE

...A... LINEN SALE

In a few days, to bring before the women folks more forcibly the MOST COMPLETE and LARGEST STOCK for many miles around, of EVERYTHING that goes to make up a GREAT LINEN DEPARTMENT. There is practically nothing missing that would tend to make our SHOWING OF LINENS more complete.

Of Pattern Cloths

we show over 50 styles, in all sizes, of almost every desirable pattern there is made, which is saying much. People have no excuse to leave our store without buying, as we have the PATTERN CLOTHS and our PRICES are all marked on the BASIS of TABLE DAMASK by the yard.

Our Prices

are absolutely as LOW as first grade PATTERN CLOTHS can be sold for, as we buy direct from manufacturers, in quantities much larger than any other two houses in Rock county.

NAPKINS to match all CLOTHS.

PATTERN CLOTHS for any style table. The CIRCULAR PATTERNS are unusually beautiful.

DAMASK by the yard, in bleached, half or silver bleached, and unbleached.

Lunch Cloths, Doylies, Tray Cloths, Dresser Scarfs, Linen Squares, Towels, etc., in the greatest variety of sizes and shapes. We placed orders with the large importing houses in February and bought them at the very lowest prices.

Our close-buying power is reflected all through the Linen Department.

WATCH FOR THE BIG LINEN SALE.

Colds Colds

Ask your doctor if Ayer's Cherry Pectoral is not just the right medicine for such cases. It knows all about it. Then follow his advice.

Cold after cold, cough after cough. One cold no sooner cured than another one comes. It's a bad habit, this taking-cold habit. What you want is a medicine that will break up this habit, heal inflamed membranes, strengthen weak tissues. Ayer's Cherry Pectoral.

Grave Charges Against Man in Charge of Oil Company.

Topoka, Kan., Nov. 26.—Soon after the report of J. C. O. Morse, receiver for the Union Oil Co. of California, was filed with Judge X. P. Bazan, referee in bankruptcy, Monday, an attorney representing J. H. Tucker, Jr., and the Union Oil Co. made formal charges, accusing the receiver of selling products of the company for about half what he was offered for them, and of managing the business extravagantly during his receivership.

The important specific charge is that Mr. Morse, a by-product, was sold for \$7,000 when an offer of \$15,000 had been made. It is charged also that an office boy worth \$10 per month was paid \$100. The fees of the receiver, and his attorney are also attacked.

FORTY YEARS' AGO

Janesville Daily Gazette, Tuesday, November 26, 1867.—Died.—At the residence of his father in the town of Milton of consumption Luther Jaen, only son of William and Catherine Jaen, aged 25 years, 11 months, and 12 days.

Leased.—We understand that the Ford house, which is now undergoing thorough repairs, will be opened at an early day as a first class hotel.

Regular Army Appointment.—Captain Budd, formerly of the Second Iowa cavalry, has been appointed a second lieutenant in the regular army. Captain Budd has many friends in this city who will be glad to learn of his success.

Lecture by Mr. Moody.—Mr. D. L. Moody, president of the Y. M. C. A. of Chicago, who has returned from England, will lecture on religious work in England at the Baptist church.

Death of Deacon Wrigate.—Deacon J. C. Wrigate, who has been ill for a long time, expired at his residence on Main street this forenoon at the age of 56 years. Mr. W. was an old resident of this city and was highly respected.

Clinton Junction.—A correspondent writes us from Clinton Junction from which we extract the material portion: Fifty-five substantial buildings have been erected in the village in the past season. Fifty tons of grain per day is no unusual sight to be seen in the streets. Still & Kennedy are about to move to Woodlawn's new apartments. A Thanksgiving party is to be held in Woodlawn's hall.

Personal.—We regret to learn of the severe illness of Daniel Johnson, Esq., member of the county board from Calca.

Before The Footlights

The current week's attraction at the Myers theatre, Thursday, Nov. 28, matinee and evening, is the new "Irish musical drama," "The Singing Girl from Killarney," with an elaborate production of picturesque scenic, electric and mechanical effects, presented by an important cast of artists, under the direction of the well-known

management of Aubrey Mitchell, whose name is always a guarantee of a perfect performance. The play, "The Singing Girl from Killarney," is an adroit mingling of heart interest and tears, with humorous comedy and startling situations. The story is told in four acts, vividly illustrated and embellished by thrilling and realistic scenic effects. The plot, the author, has developed from his accustomed path and wandered to Broadway, to a higher class of drama. While there is excitement and thrill in the plot, the element is of a better grade—not bombastic or impossible, but true to life and characteristic of the times. There is not an instant during the performance which is not interesting and exciting, and the story is one of delightful simplicity, with a thread of true love that is refreshing. The comedy is bright and natural, and relieves the strain of the absorbing plot which holds the audience to the final curtain. The musical melodies that have been interpolated, are of the catchy air sort, and possess a certain swing to them that makes them popular with all classes.

Talk of love with his thunderbolts, since the world began there has never been anything to compare with the footlights participating in the great naval attack to be seen at Lyman H. Howe's exhibition in Janesville at Myers theatre on Tuesday, Nov. 26. What impresses everyone is the consciousness of the forces of destruction hidden in the recesses of these outfit fortresses—forces that appall the

imagination. A touch, a creak, a spark and with crash of thunder, the death-dealing torpedoes rush from their muzzles to deal their blows of carnage. Straight and silent they are shown speeding through the water on their awful errands of destruction. Later on the quick-firing guns are shown letting loose a hail-storm of lead and steel—a discharge of shot and shell, not to be counted by tens or scores, but by hundreds and thousands—a storm no living thing can stand. It is as irresistible as the swelling of the ocean tide or the hand of death itself. 10,000 tons of dead weight driven forward by the frantic energy of 14,000 horsepower, plunging and surging through mammoth waves, at a speed of 10 feet every second and with a momentum for which there is no comparison—this is the scene depicted by Mr. Howe. Without actually seeing it, no intelligence can conceive the grandeur of such power. The "Blue" parade in Philadelphia, diamond mining in Africa, yachting at Cowes, England, a stag hunt in France, the Victoria Falls in Africa and many other features of surpassing interest compose a program replete with intensely interesting scenes throughout.

Mrs. Martin Dixon Dies at Her Home
In Evansville at the Age of
81 Years.

Evansville, Nov. 25.—Mrs. Martin Dixon, who died very suddenly at her home at five o'clock Wednesday afternoon, Nov. 20, was born Feb. 5, 1826, in Green county, Pa. Her maiden name being Patten Anderson. She was one of a family of ten children. On the 27th day of October, 1844, she was united in marriage to Martin Dixon and this union has been blessed with eight children, all of whom survive the mother except the eldest, who died in infancy. In the spring of 1849 they came to what was then the territory of Wisconsin and settled in Green county, where they continued to live until about thirty years ago when they moved onto a large farm near this city, where the remainder of her long and useful life was spent. She was for many years a member of the Baptist church and her character was that of a quiet, unassuming Christian. She was a kind and thoughtful neighbor and will be greatly missed by a wide circle of friends who mourn with the bereaved husband and family. The funeral services were held from the family residence yesterday at one o'clock, Rev. H. Q. Grubb conducting the ceremonies. The bereaved family was comforted by Mr. and Mrs. Harriet Ballard, Miss Fanny Fowler and L. Prantz, who sang "Some Time We'll Understand," "Saved by Grace" and "Blessed Be Thy Name, O Lord." The bereaved family is a favorite hymn of Mrs. Dixon. At the close of the impressive services interment took place at Maple Hill cemetery, the bearers being John Peterson, Richard Carlson, Eugene Latta, George Emory, Seymour Purinton and Joseph Ellis. Those from out of town who attended the services were Mr. and Mrs. Adam Flock and their daughter, Mrs. Will Kibbe of Ithaca, N. Y., and Mrs. Clara Dorey of Janesville and Mr. and Mrs. Michael Schmidt of Edgerton.

Those who attended "Koto San" given by Miss Bertha Castello in the opera-house Friday evening were given a rare treat, as it is seldom that a city of this size is favored with an entertainment of such merit. Miss Castello showed remarkable talent as an impersonator, interpreting each character with the same ease and naturalness. She is very entertaining as "Aunt Sally," but it is as "Koto San," the Japanese maiden, that her wonderful ability shows to best advantage. The musical selections given between each scene by Miss Castello were equally enjoyed and appreciated.

At the annual convention of the National W. C. T. U. recently held at Nashville, Tenn., Mrs. Vio H. Campbell of this city was elected one of the board of national organizers and lecturers. Mrs. Campbell has held the position of state organizer of Wisconsin for some years and is well fitted to all the high position with which she has been honored.

CURIOSITY.
Leads to Investigation and Truth.
What shall we do to be saved? was the question. People of faith and people of no faith looked to hear it. Thousands are asking, "What shall I do to get rid of dandruff?" The answer is, "Kill the germ that causes the dandruff, falling hair and finally baldness; and the only thing that will do it is Newbro's Herpicide. That is the very latest discovery of the laboratory, and it is the only preparation that claims to, or that will, kill the pestiferous dandruff germ. It also is a delightful hair-dressing, free from oil or grease or sticky substances. Try it and be convinced of its actual merit. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich.

THE HORSE HE WANTED.
A Scotch farmer bought a horse. Going home he thought a drink would refresh it, so he got a pail of water, but the animal would not take it. On reaching home he gave it a feed of corn, but it would not touch that either. "Ye're the vera horse for me if ye only work!" the farmer was heard to say.

CLINTON BANK IS ROBBED

OFFICIALS ARE LOCKED IN THE VAULT BY TWO BANDITS.

Latter, Taking \$2,200 to Hotel, Are Driven Away by Police, Leaving Part of Plunder.

Bloomington, Ill., Nov. 25.—The state bank at Clinton was held up and robbed of \$2,200 in coin shortly before five o'clock Monday afternoon by two men, who made their escape.

It was just a few minutes after closing time, when the men appeared in the bank and with drawn revolvers forced Cashier Murphy, Assistant Cashier Argo and Bookkeeper John Young to enter the big vault, in which they locked them. The bulk of the money had already been placed in the currency safe in the vault and the three lock set, but \$2,200 in gold and silver remained on the counter. This the robbers shoved into a bag and took with them to the Hotel Benton, where they had previously engaged a room. They had arranged the money in rolls so that it could be easily carried, and were just about to leave the hotel when officers learned of their presence and attempted to break in the door.

Before they succeeded the robbers jumped from a window onto an adjoining roof, taking only the \$700 in gold and leaving \$1,500 in silver in the room. It was dark when the men escaped and all trace of them was lost.

Before the highwaymen left the bank building they called up the telephone operator and requested her to send some one to the bank and release the three bank officials imprisoned in the vault. Charles Parker, collector for the bank, was the only person who knew the combination to the vault and after a short search he was found and hurried to the assistance of the imprisoned men. When Parker opened the vault door the three men were almost suffocated.

Two men suspected of being the robbers were arrested at 1:30 Tuesday morning, one at Kenney and the other at Spaulding.

GET MESSAGE FROM DENEEN.

Illinois Legislators Plan to Take Another Long Recess.

Springfield, Ill., Nov. 25.—With the joint conference committee deadlocked on the question of plurality election of presidential electors and national convention delegates, and the house investigating committee with its probe still in the vitals of the Illinois and Michigan canal commission, members of the general assembly found little in the way of work before them when they reconvened Tuesday morning.

If the plan contemplated is put into effect another long recess will be taken. January 10 is the date tentatively fixed upon as the time for reconvening.

Gov. Deneen arrived early from Chicago with another special message on the subject of deep waterway legislation to lay before the assembly. In this message the executive urges legislation to aid the administration in its efforts to oust the Economy Light and Power company of Joliet from complete control of the Desplaines river flow.

MAY CLARK AND TRIXIE

Trixie Clark is a dog with a reputation. Left in Columbus, Ohio, more than three hundred miles away on March 18 last, this dog, not and companion of May Clark, aged 16, of 235 North Clark street, Chicago, suddenly turned up in Chicago this week and discovered his mistress having made one of the most remarkable journeys performed by an animal on record. In addition to having traveled more than three hundred miles to his home, he accomplished the additional feat of finding out the family with whom he formerly lived from among more than 2,000,000 people. How the dog found the residence of his young mistress will always remain a mystery. He put in his appearance, however, this week, barking furiously in front of her home. For months Trixie has been numbered among the lost or stolen. It appears now, however, that he was just a home sick tramp.

BABY'S VOICE

Is the joy of the household, for without it no happiness can be complete. How sweet the picture of mother and babe! Angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indescribable dread and fear.

Every woman should know that the danger, pain and horror of childbirth can be entirely avoided by the use of Mother's Friend, a scientific liniment for external use only, which toughens and renders pliable all the parts, and assists nature in its sublime work. By its aid thousands of women have passed this great crisis in perfect safety and without pain.
